This year – we honestly have the most new booths added and we have a special section filled with amazing unique items.

The Buy Now Donation Area: Local businesses have donated top notch , not normally traded for items for this space. You can “buy now” or bid all on trade with more than 100 packages and products. These are packages for high-end hotels, getaways, local attractions and over the top, awesome products. All trade you use to purchase these items will be 100% donated to charities that we work with and they will be sending you a receipt for the donation after the event.

Don't miss out – opens at 7am in front of the entrance area.
